The Biden administration restarted its program to send free COVID-19 testing kits to any households that request them, as part of a broader plan to head off a surge in infections this winter. Households can order a total of four at-home tests from the [COVIDTests.gov](https://www.covidtests.gov) website to be mailed directly to them for free, regardless of how many tests they ordered under the previous program.

Click [HERE](#) to see the **January Triple P seminars and to register**. In addition to the weekly seminars, another way for parents to get involved in Triple P is to sign up for additional online courses at <https://www.tripleparenting.com/oh-en/triple-p/>. Parents can choose the age of classes that best fits their family, and can have up to 1 year to complete these courses.

The Ohio State University Extension office is offering Active Parenting Workshops FREE to Head Start parents. There are 3 different 4-session virtual workshops using Active Parenting curriculum. Each workshop focuses on a different age range, allowing you to customize your experience to fit the ages of your children. You are welcome to participate in more than one workshop. Click [HERE](#) for more details and registration information.

Waterford Upstart is an online, at home Pre K learning program that, thanks to the Ohio Department of Job and Family Services, comes at **NO COST** to families. **Enrollment has been extended to January 31.** Here are links [ENGLISH](#) [SPANISH](#) to flyers for more information. Interested families can also complete registration [here](#).
