

Dear MVCDC Families,

Our new school year has begun! We have planned lots of fun and engaging learning activities and can't wait to watch the amazing progress children make!

**Thank you for following our new health and safety routines! Our highest priority is to keep everyone safe — and to keep our programs open for you!**

**We did not have any reports of staff or children testing positive for COVID-19 this week.** We greatly appreciate all you're doing to keep your children and families healthy!

If you haven't already filled out a Census form for your family, please do so now! [Go to 2020census.gov](https://2020census.gov) — or you can call in your responses at **844-330-2020**. The process is easy and fast!

**Census data impacts our community for the next 10 years! An undercount means that we won't receive our fair share of federal funding for services that support families and our communities.** Make sure everyone in your family and your circle of friends knows that completing the Census is critical.

Ohio's travel advisory this week is for **Idaho, Mississippi, Texas and South Carolina**. **Florida and Nevada are not on the list.** If your child has traveled to these states, he or she will need to quarantine at home for 14 days after your return.

Thank you for allowing us to serve you! Don't hesitate to contact me at (937) 226-5664, ext. 202.

Gratefully,

Berta
