

Dear MVCDC Families,

Unfortunately, we have 2 cases of COVID-19 to report this week. **A non-classroom staff member from Twin Towers tested positive. Because the individual had recently been in our classroom at Moraine Meadows, that one room will be closed until September 24. The individual had not been in contact with Twin Towers children or staff. A second individual from the East Dayton Early Learning Center also tested positive. That individual is quarantining at home as well.**

Our preschool and infant and toddler seats are filling up! We still have extremely small class sizes — 9 for preschoolers and just 6 per room for infants and toddlers. Please let your families and friends know we're working hard to keep children and families safe!

Our virtual learning program is proving to be extremely popular, too! Keep spreading the word about that option for those who aren't ready to send their child to in-person child care and early learning. We can't let our kiddos stop learning! **Families can enroll online or by calling 937-226-5664.**

We have opened a new classroom at Medlar View Elementary School in Miamisburg and at Fulton Elementary School in Springfield. That means more opportunities for more children and families!

We have 30 job openings! If you know someone who would like to join our team, invite them to apply at MVCDC.org. **We have positions for teachers, teacher aides, bus drivers, cooks and more.**

There's just 2 weeks left to complete a Census form. Go to 2020census.gov — or you can call in your responses at 844-330-2020. The process takes less than 10 minutes! Our community needs everyone to respond so our community gets the tax dollars we deserve!

Ohio's travel advisory this week is for **Alabama, Idaho, Mississippi and South Dakota.** If your child has traveled to any of these states, he or she child will need to quarantine at home for 14 days before returning.

Don't hesitate to contact me at (937) 226-5664, ext. 202 with questions or concerns.

Gratefully,

Berta
