

Clinical Therapist: Preschool

As a partner in building brighter futures for youth and their families, your role will be to provide clinical support that aligns with [The Village Network's](#) Mission, Vision & Values.

Essential Tasks, Duties, and Responsibilities:

- ECMH *consultants* team with *early childhood* providers to help them understand and problem-solve challenging child behaviors, both in and out of the classroom.
- Provides ECMH that targets the healthy social and *emotional* development of all young children assigned to caseload to help ensure they thrive and are ready for school.
- Ability to work with culturally diverse populations/families.
- Ability to work effectively with school staff and leadership.
- Ability to meet agency standards and productivity by completing appropriate documentation and paperwork including, but not limited to assessments, progress notes, reports and Individual Service Plans.
- Attend staff meetings, court hearings, etc. based on needs of clients.
- Implements TVN's clinical models (TIC, NMT & CPS) with fidelity.
- Perform other duties as required.

Knowledge, Skills, and Abilities:

- Ability to use a computer; proficiency in Word and Electronic Health Record (EHR).
- Bachelors or Masters' Degree in Social Work, Counseling; independent licensure preferred; two years previous experience preferred.
- Early Childhood Mental Health experience preferred.
- Valid Ohio Driver's License and maintains a driving record that allows that individual to be insurable with the insurance company providing The Village Network with vehicle insurance. Willingness to travel for various reasons, mainly during the day but occasionally overnight. Ability to visit clients' homes (may or may not be handicapped accessible).
- Excellent verbal and written communication skills; strong teamwork and organization/time management skills.

Who We Are:

Since 1946, we've been providing compassionate treatment to support the behavioral, physical and emotional health of children and families, where the needs of each child are individually assessed and dynamic treatment plans are specifically designed to properly transition them from disruptive to permanent, stable environments. Our services include community-based services, residential treatment, and treatment foster care programs throughout our locations in central and northeast Ohio and West Virginia.

Why Work at The Village Network:

- The Village Network prides itself on a **Culture of Care**: Come be a part of the mission and a member of a team that has a passion for what they do and the people they serve.
- Excellent safety record and training program. The Village Network utilizes **Collaborative Problem Solving** along with **The Neurosequential Model of Therapeutics** to addresses the individual needs of youth and their families.
- **Tuition and Licensure reimbursement** offered for employees looking to advanced their knowledge and skills. Get help earning an advanced degree or get the supervision necessary to earn your independent licensure.
- Great benefits, competitive salaries, and 232 hours (**29 DAYS!**) of PTO offered in the first year in addition to 6 paid holidays for fulltime employees with potential for PTO buy back for unused time.
- Advancement Opportunities: The village network is a growing organization and we aim to **promote from within**.
