

Dear MVCDC Families,

We have 4 new COVID-19 cases to report this week:

- 2 cases involved transportation staff members at **East Dayton Early Learning Center** in Montgomery County. No one needed to quarantine.
- 1 case involved a classroom staff member at **Kings Highway** in Montgomery County, resulting in 1 additional staff member and 14 children needing to quarantine. One classroom was closed.
- 1 case involved a classroom staff member at **Clark County's Town and Country program**, resulting in 4 other staff persons and 29 children needing to quarantine. Three classrooms were closed.

Thank you to those of you who have participated in our confidential survey about responding to COVID-19 and the vaccine.

This is what MVCDC staff and families are saying:

- **35% of 234 staff members who responded will take the vaccine, 34% will not and 30% are still deciding**
- **17% of 129 parents who responded will take the vaccine, 59% will not and 24% are still deciding**
- **44% of families said having the staff at their child's program take the vaccine is important or critical, while 56% said it was not important**

You can still take the quick survey at <https://tinyurl.com/MVCDcvaccine>. Let us know what you think!

The two most frequent concerns we're hearing relate to the speed that the vaccines were developed and whether they impact women's fertility. [Click here](#) to read what highly regarded doctors at Johns Hopkins say about both of these questions.

You may also want to speak with a trusted health care provider. They'll be more reliable than social media where inaccurate information frequently spreads quickly!
