

Dear MVCDC Families,

This week we had one (1) non-classroom staff at ECEC in Springfield who tested positive. Two (2) additional non-classroom staff had to quarantine. No children and no classrooms were impacted.

Please be exceedingly careful during the holidays as you make hard decisions about whom you gather with and invite into your homes. This virus can be devastating! Vaccines are coming but the need to practice social distancing, wearing a mask and washing our hands frequently is still imperative.

To help Public Health – Dayton & Montgomery County understand what citizens think about COVID-19 vaccines and their distribution, **it's asking us to take a short survey. If you have not taken the survey, click [here](#) — responding takes under 2 minutes.**

As you know, **MVCDC** classrooms will be closed from **December 24th** into the New Year. **Full year** classrooms will reopen on **Monday January 4th** and **Part Year** classrooms will re-open on **Tuesday January 5th**.

May your Holiday Season be filled with Joy, Happiness and Peace.

Berta

happy holidays
